The Lost Pencil

A Moral Story

Ravi found a blue pencil under his desk.

It was shiny and new.

Ravi liked it very much.

He wanted to keep it.

Then his teacher asked, "Does anyone have a lost pencil?"

Ravi looked at the pencil.

He knew it was not his.

He raised his hand and gave it to the teacher.

A girl named Sara came to get it.

She was very happy.

She thanked Ravi for being honest.

Ravi felt proud.

Moral: Always be honest, even when it is hard. ■
